CENTRAL, SOUTH CHINA TO SET UP  
RADIO LISTENING STATIONS

STATION PERSONNEL TO BE TRAINED -- Hong Kong Wen-hui Pao, 9 Jul 50

Peiping, 7 July -- In accordance with the decision of the Central News Administration of the Central People's government to establish radio listening stations throughout China, the commander of the Central and South China Military Control Commission issued the following notice to the head of each hsien under his command on 26 June 1950:

1. All contemplated radio listening stations must be set up before October 1950.
2. Each hsien must immediately select personnel to operate the listening stations.
3. The work of the listening stations includes receiving news, official orders, notices, news comments, lectures from the Central government, Central and South China Regional District, and local broadcasting stations, and disseminating this information to the Party members and people as quickly as possible by mimeographed sheets, blackboards, etc.

Another news item from Peiping stated that, to meet the October deadline, the Central and South China People's Broadcasting Station will begin training personnel for listening stations in Hopeh Province from 15 July 1950, and those in Honan Province from 5 August 1950. The personnel of listening stations in Kwangtung Province will be trained by the Canton People's Broadcasting Station during July and August.

A total of 1,200 receiver sets, which will be distributed in this area, are being purchased from the People's Radio Equipment Factory.

COMMUNICATION EQUIPMENT FOUND IN CHUNGKING -- Hankow Ch'ang-ching Jih-pao,  
25 May 50

Chungking, 22 May (Hsin-hua) -- In addition to 40,000 tons of various metal products already found in the warehouses in Chungking, the property liquidation workers in Southwest China discovered several thousand tons of communication equipment in Chungking. Included were: 818 wireless telegraph receivers and transmitters, 70 long-range carrier wave transmitters and small electric motors, 270 electric generators, 4,448 telephone and telegraph equipment and switch boards, 57,327 radio tubes, 77,415 spare parts, and 308 tons of iron and steel wire.

TIENTSIN POWER PLANT TO INCREASE OUTPUT -- Tientsin Jih-pao, 31 May 50

The No 2 generator of the Tientsin No 1 power plant is being repaired to increase output to the maximum of 15,000 kilowatts. Output of this generator before the liberation was 11,000 kilowatts, and with minor repairs it was increased to 14,000 kilowatts.

ESTABLISH RADIO MATERIAL FACTORY -- Hong Kong Wen-hui Pao, 2 Jun 50

Peiping, 1 June (Hsin-hua) -- The People's Radio Equipment Factory was established by the Central News Administration in Peiping on 1 June 1950. This factory will manufacture radio transmitters, receivers, phonograph records, loudspeakers, and various other radio parts. The equipment for this factory came from the Radio Materials Repair Shop and the People's Phonograph Record Factory formerly located in Shanghai and Hong Kong.

BEGIN EMERGENCY TELEPHONE, TELEGRAPH SERVICE -- Canton Nan-fang Jih-pao, 2 Jun 50

The Canton Communication Bureau is now accepting emergency telephone and telegraph services to the following places: telephone service to Ch'ang-sha, Shao-kuan, Ts'ang-wu, Chiang-men, and Chung-shan; telegraph service to Peiping, Shanghai, Hankow, Ch'ang-sha, Heng-yang, Kan-hsien, Foochow, Amoy, Swatow, Shao-kuan, Ch'ing-yuan, and Chiang-men.
